ABOUT GAME

**NEUTRONSTAR: DALEK'S RETURN IS A REAL-TIME STRATEGY (RTS)
GAME BUILT USING JAVA.**

**THE GAME FOCUSES ON CLASSIC RTS GAMEPLAY: BUILDING AN EMPIRE,
MANAGING RESOURCES, CONSTRUCTING BUILDINGS, TRAINING ARMIES,
AND CRUSHING ENEMIES.**

**IT RUNS ON A CLEAN, MODULAR ARCHITECTURE COMPOSED OF 7 CORE
SYSTEMS (SUCH AS ECONOMY, BUILDING, AND WORLD SYSTEMS) THAT
COMMUNICATE LIKE DEPARTMENTS IN A COMPANY TO MAKE THE GAME
WORK.**

OUR MISSION

SEAMLESS PERFORMANCE:

TO DELIVER A SMOOTH RTS EXPERIENCE WHERE A
CENTRAL GAME LOOP MANAGES LOGIC AND
GRAPHICS AT APPROXIMATELY 60 FRAMES PER
SECOND

ROBUST DESIGN:

TO UTILIZE PROFESSIONAL SOFTWARE DESIGN PATTERNS—
SUCH AS SINGLETON, STATE MACHINE, AND STRATEGY—
ENSURING THE GAME IS ORGANIZED, SCALABLE, AND
MEMORY-EFFICIENT.

SMART GAMEPLAY:

TO IMPLEMENT INTELLIGENT UNITS THAT USE AI TO
HANDLE FIGHTING AUTOMATICALLY AND UTILIZE
A* PATHFINDING TO NAVIGATE COMPLEX TERRAIN
AND OBSTACLE

GAME RULES

RESOURCE MANAGEMENT:

RESOURCE MANAGEMENT: YOU MUST BALANCE FOUR KEY RESOURCES: GOLD (FOR TRAINING), MATERIALS (FOR CONSTRUCTION), FOOD (TO FEED SOLDIERS), AND POPULATION (CITIZENS BECOME SOLDIERS).

CONSEQUENCES OF DESTRUCTION:

IF A BUILDING IS DESTROYED, ITS BENEFITS ARE LOST IMMEDIATELY. FOR EXAMPLE, IF YOU LOSE A GOLD MINE, YOU INSTANTLY LOSE THAT GOLD PRODUCTION PER SECOND.

TERRAIN COSTS:

NOT ALL GROUND IS EQUAL. UNITS MOVE FAST ON ROADS (COST 1), SLOWER ON ROUGH TERRAIN (COST 2), AND SLOWEST ON WATER

CONSTRUCTION LOGIC::

YOU CANNOT BUILD JUST ANYWHERE. THE SYSTEM STRICTLY CHECKS IF THE CHOSEN SPOT IS FREE AND IF YOU HAVE ENOUGH RESOURCES BEFORE CONSTRUCTION BEGINS.

HOW TO PLAY THIS GAME?

BUILDING CONTROLS:

THE CONTROLS ARE DESIGNED TO BE STRAIGHTFORWARD. SIMPLY PRESS B TO ENTER "BUILD MODE," SELECT YOUR DESIRED STRUCTURE, AND CLICK ON THE MAP TO PLACE IT.

COMBAT:

COMBAT IS AUTOMATED BY UNIT AI. SOLDIERS CONSTANTLY SCAN FOR ENEMIES WITHIN RANG. WHEN AN ENEMY IS SPOTTED, THEY AUTOMATICALLY SWITCH FROM AN "IDLE" STATE TO ACTION WHETHER THERE MOVE OR ATTACK

THE WINNING STRATEGY: FOLLOW THE PRODUCTION LOOP FOR SUCCESS:

- 1/ BUILD HOUSES TO INCREASE YOUR POPULATION CAP
- 2/ CONSTRUCT MINES (GOLD AND MATERIAL) TO GENERATE PASSIVE INCOME
- 3/BUILD FARMS TO ENSURE FOOD PRODUCTION
- 4/TRAIN SOLDIERS USING YOUR ACCUMULATED RESOURCE

THANK
YOU
